

- ♥ 12 Weeks of Giving
Campaign goal: register 400,000 new organ donor designation
Give 5 - Save Lives – three dates, five minutes to sign up
- ♥ Stats
93,000 awaiting organ transplant
18 people each day die
Hundreds of thousands could benefit from tissue and eye donation
- ♥ Organ Donation
Life Saving
Heart, Lungs, Liver, Kidneys, Pancreas, Intestines
Requires beating heart
Brain death
- ♥ Tissue Donation
Life enhancing
Bone – replace damaged bone
Connective tissue – knee tendon repair
Skin – burn victim
Heart valve – defective and/or diseased valves
Corneas – restore sight
- ♥ A single donor may provide enough tissue for as many as 100 people. Tissue can be preserved and stored up to five years
- ♥ Process
Call IDN for all deaths
Look at registry
If on registry, law first person consent
If not on registry, family consent required
- ♥ Driver's License – *Y*
Organs only
No education at drivers' license station
- ♥ To register on line: iowadonorregistry.org
In honor of: *Myrtue Medical Center*
